

DOCTORAL DEFENSE

Authorisation to defend a thesis is granted by the President of Université Bourgogne Europe, upon the doctoral school (DS) head's recommendation, and on proposal from the thesis supervisor (*article 17 of the decree of 25 May 2016, modified 1 July 2016, setting the national framework of doctoral training and the modalities leading to the deliverance of the French doctoral degree*).

The deadline for defending a thesis at Université Bourgogne Europe in the academic year 2024/2025 without administrative re-enrollment is set to 31 December 2025.

AT LEAST 2 MONTHS BEFORE DEFENSE: DESIGNATION OF REPORTERS, COMMITTEE MEMBER PROPOSAL AND BEFORE DEFENSE MANUSCRIPT ELECTRONIC SUBMISSION

Information about defense and manuscript electronic submission are completed in the PhD student's ADUM profile by the PhD student and his/her thesis supervisor to generate a pre-filled request file for authorization to defend.

To guide the PhD student, **a tutorial is available on his/her ADUM profile.**

DESIGNATION OF REPORTERS

Reporters will meet the following conditions:

- there will be at least two of them
- they will be external to the research unit, the DS and the registration institution
- they will be habilitated to direct research (HDR) or holders of equivalent qualification based on their academic achievements
- they will belong to different research units
- they will have no publication in common (whether published, under way or submitted) with the PhD student

If a researcher from a foreign Higher education institution is proposed, or a non-HDR reporter in exceptional circumstances, the thesis supervisor submits the prospective reporter's CV to the DS head for approval prior to their submission on ADUM.

Th reporters receive a letter requiring them to upload their signed report on ADUM, within one month from thesis reception and 14 days before defense at the latest, otherwise defense may be delayed.

DESIGNATION OF COMMITTEE MEMBERS

Committee composition will be as follows:

- 4 to 8 members
- at least half of them will be external to the research unit, the DS and the registration institution
- at least half of them will be professors or staff with equivalent ranking according to article 6 of the decree of 16 January 1992
- at least one university professor or lecturer will be present.

Equal gender representation should be sought for.

In the light of the reports, authorization to defend will be granted by the President of Université Bourgogne Europe, upon the DS director's recommendation.

Then an official notification will be sent to the jury members, who will have access to the reporters' reports on ADUM website.

MANUSCRIPT SUBMISSION

You upload the digital version of your thesis on your ADUM personal web page. This version, whose submission complies with article 24 of the decree of 25 May 2016, is the same as the one sent to the reporters and the jury.

Once these steps are completed and your choices for the publication are done, you save and validate.

Your thesis supervisor is informed that he has to check and validate the file.

Your doctoral school then receives your application. It checks that the proposals for the jury and rapporteurs comply with the regulations in force and, where applicable, with the cotutelle agreement. If there are any errors in the application, the DS will give you your hand back (you will be notified by e-mail) so that you can correct your data. If (or when, after correction) the application is correctly completed, the DS validates it.

AT LEAST 14 DAYS BEFORE DEFENSE: AUTHORIZATION TO DEFEND

Once your doctoral school has received the reports and provided that they are favorable, the head of your doctoral school signs the authorization to defend. The file is then transmitted to the President of Université Bourgogne Europe, who issues the final authorization.

An official notice is sent to the members of the jury, who have access to the reports on ADUM.
