Preamble

PhD defense is administered from ADUM software package.

Before launching your PhD defense on ADUM, you must discuss the reporter and committee member proposals and the defense date with your thesis supervisor. Then you will personally be in charge of entering these pieces of information into your personal ADUM space.

We strongly recommend that you have the assistance of your thesis supervisor throughout this procedure.

Warning

The data you enter in ADUM must be correct (spelling of names, ranks of members of your committee, etc.) as this information is then printed on your diploma.

At least 2 months before the estimated date of your defense

You will have to log into your ADUM personal space and launch the procedure by clicking on “I wish to declare my PhD defense”.

If you defend before December 31st, you must not re-enroll.

Then, you fill in all the details about the PhD defense.

PLEASE MAKE GOOD NOTE that it is very important for you to fill in all the fields because they will have an impact on the dissemination of your thesis.

To complete your procedure, you must proceed to the electronic deposit of your thesis manuscript. Electronic filing of theses before defense was made compulsory by the decree of 25 May 2016, whether theses are confidential or not.

This version of the thesis is the one that will be sent to your reviewers and jury members.

PLEASE MAKE GOOD NOTE that it will not be possible to modify the PDF pre-defense version once the choice of reporters has been accepted by the DS. After defense, you will perform a second, final filing that will include the corrections requested by the jury.

It is important that your file is compliant so that it can be archived. Therefore we ask you to check that it is valid by using the FACILE tool, made available by CINES (<https://facile.cines.fr/>). All needed information are available here:

Deposit Space for the digital file of the thesis manuscript, identical to the version before defense

This version of your thesis will be sent to the rapporteurs for evaluation and to the jury members, it will be available to your thesis supervisor(s), your Doctoral school, the doctoral studies department, and will allow to the documentation center (University Library) to do technical verifications on your file.

The PDF file of the full version of your thesis (finalised after the defence) is intended to be archived by the Centre informatique national de l'enseignement supérieur (CINES) on its platform (PAC). In order to achieve this, your file must be tested with the CINES FACILE tool <https://www.cines.fr/en/>, and meet the 3 criterion "well-formed", "valid", and "Archivable in PAC".

Caution: only PDF version greater or equal to 1.4 are accepted by the CINES. Previous versions (1.0, 1.1, 1.2, 1.3) are rejected.

If your file is declared invalid, please contact the CINES support by clicking on the link at the top of the page: "demander une analyse de second niveau", or the documentation center of your institution: bibliotheque@ubfc.fr.

If you encounter difficulties with the FACILE tool, you can write to the following address: bibliotheque@ubfc.fr.

No later than 3 months after the defense, you will have to upload in your Private space the definitive file of your thesis, which must comply with the corrections requested by the jury.

At the bottom of the page, as an author, you specify the dissemination area of your thesis.

The institution will always publish your manuscript on its intranet, but you may decide (in the event of confidentiality or embargo - within a limit of 2 years) to restrict publication on the internet.

For more information on disseminating your thesis:

- Consult articles 24 and 25 of the Order of 25 May 2016 (<https://www.legifrance.gouv.fr/loda/id/JORFTEXT000032587086/2022-12-31>)

What happens next:

- Your thesis supervisor receives an e-mail asking him to give his opinion on your jury and reviewers.
- If his opinion is favorable: your doctoral school checks your file, contacts you if it is not complete or if any clarifications are needed, and the doctoral school's director indicates if agrees on the jury and reviewers.
- If the doctoral school's director is in favor: the head of the institution validates your jury and reviewers.
- Reviewers receive their letter of designation and your thesis manuscript.
- Jury members receive an invitation letter and your thesis manuscript.

Once the reviewers have submitted their report

The director of your doctoral school is informed of the reports submission, he gives his opinion on the defense authorization.

If it is favorable, the head of the institution gives the authorization to defend.

Yourself, your thesis supervisor, the director of your unit research and the director of your doctoral school receive an e-mail informing you that you have the authorization to defend. Jury members receive a confirmation e-mail.

Yourself and your thesis supervisor have now access to the defense documents to be given to the jury members on the defense day.

After your defense

Your thesis supervisor shall bring, as soon as possible, the original defense documents to your doctoral school.

On your side, in a maximum 3-month-delay, you have to submit the final version of your thesis manuscript.

PLEASE NOTE:

- You must use your institution manuscript front page template (available at your doctoral school secretary or on the Doctoral College website : <https://collegedoctoral.ubfc.fr/ressources-faq/documents/?lang=en>).
- You must indicate which jury members was designed president on the front page.
- You must make the corrections suggested by the jury if applicable.

Procedures

- ▶ Doctoral Charter signed on
- If you defend your thesis before 31 December 2019, you will not have to re-enroll.
- » Tutorial for students re-enrolling
- ▶ Submit the final versions of your thesis manuscript

At this point, you still have the possibility to modify your dissemination choices.

If corrections have been requested by the jury during the defense, you must correct your manuscript before making the final submission. Your thesis director (in the case of minor corrections) or the president of your defense jury (in the case of major corrections) will check that these have been made. If this is not the case, the submission will be cancelled and you will be given your hand back to make the corrections.

Your **certificate of achievement** will be available shortly after the defense documents are received by your doctoral school. No duplicate can be edited. Your **diploma** can only be printed after you have deposited the electronic definitive version of your thesis manuscript and within a 3 to 6 months' delay before it can be delivered to you (time required for your thesis to be processed by the University Library and signed by the Rectorate). The procedures for giving you the diploma parchment are described in the document entitled "Doctor's degree diploma deliverance procedure", which is available on the Doctoral College website (<https://collegedoctoral.ubfc.fr/ressources-faq/documents/?lang=en>).
